**HackerRank** :- hackerrank.com/9648gauravmishra

**Linkedin**:- linkedin.com/in/gaurav-mishra-508610203

## COURSEWORK

Operating Systems
Compiler Design
Computer Networks
Database Management System
Machine Learning
Artificial Intelligence

## WORK EXPERIENCE

**Data Analytics (Internship)**     **Jan-2023 to Present**

New skills developed. And worked on some projects like instgram analytics ,hiring and etc
Use this project in **MS-Ecxel,SQL,Power BI** and etc.

**Python Project Intern**     **Oct-2022 to Nov-2022**

New skills developed. And worked on some projects like predictive numerology and text-based gems.
Use this project in **Python, Tkinter** and etc.

## PROJECT

**Pizza Order Website**     **LIVE /CODE**

You must have ordered your pizzas by phone for home delivery. The process seems easy to use but at times there is miscommunication.
As there is no visual menu shown during a phone call, the employees have to repeat a lot of things again and again to the customers.
Tech:- **HTML5, CSS3, JavaScript, Bootstrap**

**Instagram User Analytics**

In this project, we are supposed to provide a detailed report for the Marketing and Investor metrics department. this analysis will help them make a decision based on different metrics and insights.

**Real-Time Chat App**     **LIVE /CODE**

A Project is a Real-time chat app. Online Chat may refer to any kind of communication over the internet that offers a real-time transmission of a test msg from sender to receiver.
Tech:- **Python, Django, SQLite**

## CERTIFICATE

Python Programming(IITK)

Computer System Security(IITK)

Data Analytics(Trainity)

Machine Learning (Corizo)

NumPy Essential Training 1 Foundations of NumPy(LinkedIn)

## HONORA & AWARDS

Corrdinator College Quiz Competition

College Delegate for MEME-a-THON(Cuvette)

Innovate India Coding championship

Mesohacks(Hackthon)

5* Hacker Rank in python
